

Letter to Parents

Note to Teachers: If your country does not use U.S. currency, we have left a blank space next to the \$1 USD amount so that you can fill it in using the appropriate dollar amount and inform parents of the membership fee in your currency. Use the currency converter on our website to convert \$1 USD into your currency.

We are so excited! Our class has enrolled in an international pen pal program this school year called Sincerely Yours Pen Pals. We are asking that you send in \$1 (USD) _____ for your child's membership fee by _____(date) so that we can participate in this awesome program geared toward enhancing their cultural sensitivity and further developing their literacy and/or foreign language skills. We have some excellent activities planned as a component of this program including contributing to an international patchwork quilt and developing friendships with students in far away places! We can't wait! We will be sure to keep you informed of our progress! Thanks for your support.
